No. 84.  
A. F. & A. M.  
G. R. A.

Meets second Thursday in each month. Visiting brethren welcome.  
CHAS. McLEAN, E. F. CRAWFORD  
W.M. R.M.

## Narrow Escape At Ry. Crossing

While driving to town on Monday J. M. Pharis, tenant on Guy Voisey's farm, ran into a moving freight train at the crossing south of town. The car was overturned, but Mr. Pharis escaped with an injured wrist. The car was badly damaged, one of the front wheels being torn off in addition to other damage to the front end. Mr. Pharis' attention had been drawn to some cattle and he failed to stop in time to avoid the collision. The cowcatcher on the engine was damaged where it struck the car. Mr. Pharis, however, was able to get the car in repair sufficiently to make the trip home the same evening.

## Rev. and Mrs. Lee Guests of Honor

A farewell gathering in honor of Mrs. and Rev. Lee was held at J. A. Carlsons on Friday evening. The house was filled to capacity and the program consisted of songs and speeches in which all of the people of the community were well represented, after which games and community singing were enjoyed and a dainty lunch partaken of. The chief feature of the evening was the presentation of a substantial purse by Mr. A. Miller in which all the members of the Blusson community conveyed their good will and friendship for the departing minister and his wife. Rev. Mr. Lee replied assuring the friends that his period of ministry had been a pleasure.

## Hog Shipping Day

Wednesday

July 7th

## Champion Meat Market

The school closed on Tuesday, the week prior to closing having been devoted largely to examinations. It will reopen on Sept. 2. Mr. Spence, principal for the last two years has resigned from the teaching staff and will take a holiday from teaching for a year.

G. M. Campbell and J. M. Moffatt brought in four young eagles recently, which George Hohner has taken in charge and will rear for one of the government parks. They are a fine looking bunch and promise to make very attractive pets.

Election day passed off quietly at this point, although an exceptionally large vote was polled, the count in the evening giving Patterson 110, McLaughlin 44 and McPherson 25 first choices. G. F. Smith was deputy returning officer and H. Cooper poll clerk.

Champion won the Milo tournament on June 24th, defeating Red Cross in the first game, while Arrowhead won from Milo, and later winning easily from Arrowhead. There was a fair crowd in attendance.

Mrs. A. D. Diemert and family will leave at the end of the month for California, where they will reside in the future. They will spend the remainder of the time here at the farm, where they move on Saturday.

## W. K. Anderson Has Second Operation

Dear Mr. Woodruff:  
I simply have not got the time to reply to all the inquiries.  
W. K. had another very serious operation last Tuesday, "cholecystectomy." He was getting along splendidly but the doctors were not satisfied to let him out of the hospital without more protection for the break. He comes back after the operation most wonderfully. For a couple of days he is white and worried, the 3rd day his color is coming back in his face and by the 5th or 6th day it is hard to believe there is anything the matter with him, he is so bright and cheerful. This means at least another month in the hospital.  
Very kind regards to Mrs. Woodruff, family and yourself.  
Mrs. W. K. Anderson.

Champion and Vulcan junior teams met here on Friday, June 25th, and featured a real battle, the score being 11 all at the finish. If these games were arranged so that the public could be made aware they were being played there would be a much larger attendance.

Overhauling operations on the Sam Fong restaurant, recently completed, have produced one of the best buildings for the purpose on this line. Booths have been added and the interior of the cafe is brilliant with new paint, linoleum, etc. Sam certainly has reason to feel proud of his restaurant.

The teachers have left for their homes with the opening of the holidays. Mrs. James going to Nardaga, Miss Gooler to Glendon, Mrs. Terry to Detroit and Mr. Spence to Calgary.

Elsewhere in this issue is published a letter from Mrs. W. K. Anderson which will prove of interest to friends of Mr. and Mrs. Anderson here.

Rev. J. Lee and family left on Wednesday for Barons. Hosts of friends here will wish Mr. and Mrs. Lee happiness and prosperity in their new home.

## Celebrate Dominion Day

Dominion Day will soon be here. The big tournament, and all kinds of good times is promised for that celebration. Let all celebrate.

What about a new dress length, new hoisery and new hats for yourself and k' diles.

Also neat patent leather slippers for kiddies from \$1.95 to \$3.25 a pair.

Don't forget to get yourself a real Japanese sun shade. Everybody should have one.

MRS. THERRIault

## J. T. Stephenson

Phone 7 GROCER Phone 7

## STRAWBERRIES!

Hood River will be in this week-end.

Season for Preserving Berries will be about two weeks earlier this year.

Get your orders in and not be disappointed.

Lettuce, Celery, Radishes,  
Green Onions, Rhubarb,  
for the week-end.

## Jackie Coogan in "The Rag Man"

HE'LL STEAL YOUR HEART AWAY

Friday @ Saturday  
July 2 @ 3

An orphan waif on the sidewalks of New York—a friendless boy in a great metropolis. What a story for this brilliant juvenile star! A story of tears and sunshine. The drama of a lad who matched his wife against Fate. You'll call this picture the greatest human drama ever filmed on the screen. As big and fine and courageous a story of boyhood as you've ever known. Here's joyful Jackie at his most lovable best. Comedy. "From Rags To Riches."

Coming Next Week. Mary Pickford in "Through The Back Door."

**THE CHAMPION CHRONICLE**

Advertisements of Wanted, Lost, Found, Strayed, etc., not exceeding one inch, 50c cents for first insertion 25 cents for each subsequent insertion.

Commercial rates on application.

THURSDAY, JULY 1, 1920

**NOTES AND COMMENT.**

The elections are over and the Brownlee government is as firmly entrenched as ever with an opposition which in numbers is hardly an opposition at all. While the U. F. A. vote was largely reduced with the three parties in the field their victory was convincing to all concerned. While a stronger opposition would have been better, even for the farmers themselves, the qualifications of the two new leaders in the house is of a character highly gratifying to those in opposition to the present government.

A careful canvass of the crop situation would lead to the belief that while there is no prospect of anything like a big average over the district there is every reason to assume that there will be a fair yield on at least three-quarters of the land sown, if present prospects are realized. There are many beautiful fields of wheat, but close examination of these confines the prospect of a big yield to relatively few of these. Even where color and growth are very favorable the wheat is thin on the ground, the dry weather evidently preventing stooling to some extent. On the whole, however, the present situation may be regarded as satisfactory when the whole area is considered. Everything points to a fairly profitable crop, the exception being fields to badly blown before the rain came to recover.

This year's experience has shown that where a field has been badly blown before a rain reseeded or cultivation of some kind should take place as soon after the rain as possible. Despite the tremendous rainfall blown fields were blowing freely again a few days after the rain.

**NEWS NOTES**

Alberta is making greater progress in the sheep industry than any other province, according to a statement made by W. H. J. Tisdale, assistant general manager of the Canadian Co-operative Wool Growers' Association, in a recent interview. Mr. Tisdale states that the co-operative pool expects to receive some 1,500,000 lbs. of wool from Alberta this year.

More than 10,000 visitors are expected to be in Camrose from July 3 to 6 for the big Norse celebration to be held there. It is stated that 5,000 reservations have been from the state of Minnesota alone. The visitors are coming both by auto and by special train. The Alberta government publicity bureau is erecting an exhibit of agricultural and mineral products for the four days of the celebration in order that the visitors may be shown something of the province's resources.

The Directors of the Alberta Corn Growers' Association at a meeting held in Lethbridge last week decided on November 11th

and 12th as the dates for the Provincial Corn Show which is to be held in Medicine Hat. An attractive prize list has been prepared with classes for boys and girls as well as for adults. There has been a larger acreage planted to corn than in previous years and if the season is reasonably favorable strong competition is anticipated.

Thousands of tourists are expected to visit the province next month, and to attend the Calgary Stampede from July 5 to 10, and the Edmonton Exhibition, July 12 to 17. In Calgary the annual stampede and exhibition will be staged, while at Edmonton a large historical pageant, celebrating the 21st anniversary of the province, will be produced under expert direction. At both places, the Coldstream Guards Band, a famous British organization, will be an attraction.

**Cultivation Of  
The Corn Crop**

(Experimental Farm Note).

Corn has proved to be one of the most satisfactory fallow substitute crops under observation at Indian Head Experimental Farm and is rapidly developing into one of the most important forage crops in Southern Saskatchewan. Approximately twenty thousand acres were grown in 1920. Corn is recommended as a fallow substitute, and in competition with other substitute crops at Indian Head, the succeeding grain crop on corn stubble has given highest yields. Corn as an intertilled crop controls weeds, reduces cost of grain growing, provides abundance of feed and materially aids in live stock production.

Where corn is used as a fallow substitute the crop is generally sown with a corn planter in check rows to facilitate cleaner cultivation. On the other hand, if a fallow is not available, the ordinary grain drill may be used with satisfactory results. Cultivation should begin as soon as the corn is planted. Harrow every week until the crop is about six inches high. This system will effectively destroy millions of small weeds and allow the corn to get a good start. When the crop is too high to harrow, the cultivator should be brought into action. If the area is small, the small garden scuffle will be found satisfactory. However, when a large area is in crop the two-horse cultivator should be used. Care should be taken not to run the cultivator teeth not too deep, in order to prevent injury to the roots which feed close to the surface. Continue cultivation until the corn is three feet high, or high enough to shade the ground.

Published for the first time, the official photographs and account of the Canadian Government Arctic Expedition of 1925 will interest readers of Rod and Gun. The story of the trip to the ice fields with its three full pages of unusual photographs is only one of the interesting features of the July issue of Rod and Gun, just published. Bournout to Maniwaki is a yarn of a canoe trip in the white of Quebec, well told by J. Jenkins, while William E. Dalton has some good wrinkles for trappers. Bonnycastle Dale this month tells something of the Exquisitely Furred Destroyers, namely the mink and the weasel. Fishing Notes has an interesting line-up for the anglers this month and Fishing Regulations for the current year are included in the issue. Outdoor Talk and Guns and Ammunition with Kennel and J. W. Winsen's article on the owl are of usual high standard. Editorially in the June issue, Rod and Gun takes issue with Senator Belcourt's proposed bill to further restrict the sale of firearms. The magazine raises the contention that the bill is not in the interests of Canadian sportsmen and announces its intention of fighting the proposed legislation on that ground. Rod and Gun is published monthly by W. J. Taylor Limited, Woodstock, Ontario.

**PUBLIC INSTITUTIONS**

**Galt Hospital, Lethbridge**

First-class Hospital Service at reasonable rates.

Private, Semi-Private, and Public Ward accommodation for surgical and medical cases.

# The Movement Back to the Land

is growing daily and the Champion District affords exceptional opportunities to the homeseeker.

In 1925 individual production per farmer exceeded \$5,000 in grain and live stock.

Good Schools, exceptional railway service, telephones, etc.; assure a modern community.

We have extensive listings in this territory, a few of which are quoted, providing a wide range in values and including some of the finest properties in the district :

### Look Them Over

640 Acres, good improved farm land, 7 1-2 miles from station. Price \$40.00 per acre, or can be bought as going concern at \$50.00 per acre, \$1000.00 cash. Balance can be arranged to suit at 7 per cent interest.

640 Acres, good improved farm land, 13 miles from station, 210 in summer-fallow crop, 200 acres summerfallowed, owner gets 1-2 crop and pays 1-2 third till. Price \$20.00 per acre, balance can be arranged at 7 per cent interest.

320 Acres, good improved land, 4 miles from station at \$35.00 per acre. Balance 1-4 crop at 7 per cent interest.

320 Acres, good improved farm land, 8 miles from station, \$50.00 per acre, about 200 acres of good summerfallow crop, \$8000.00 cash, balance can be arranged.

320 Acres good land for sale at \$1000.00. Cash payment of \$2000.00, balance \$400.00 per year at 6 per cent interest.

320 Acres, right next to elevators, 200 acres in summerfallow crop, no buildings. Price \$45.00 per acre, \$5000.00 cash, balance 1-2 crop at 7 per cent interest.

320 Acres, improved land, 2 1-4 miles from station, 215 acres crop, can be bought as going concern including stock and implements at \$50.00 per acre, \$5000 cash, balance 1-2 crop at 7 per cent interest.

322 Acres, good improved farm land, 6 miles from station, 100 acres summerfallow crop. Price \$50.00 per acre, including 1-2 per cent crop and all machinery and houses. \$6500.00 cash, balance 1-2 crop at 6 per cent interest.

320 Acres improved farm land, 2 miles from station. Price \$40.00 per acre, \$4000.00 cash, balance can be arranged.

320 Acres, improved land, 2 miles from station. Price \$40.00 per acre, \$4000.00 cash, balance crop payment at 6 per cent interest.

### 13,120 Acre Cattle or Sheep Ranch

Best of grass, fenced and cross-fenced and well watered.

This acreage can be split three ways to suit purchaser.

600 Acres can be irrigated. Price \$6 per acre, one-fifth cash, balance divided over 6 years at 6 p.c. interest.

This is beyond question one of the finest ranching propositions available in Alberta.

### 10,000 Acres

In the Municipality of Clifton in parcels of 160 acres up priced from \$2.75 to \$8.00 per acre, including some splendid buys. Detailed description of many of these parcels will be printed in an early issue.

**A Going Concern :** 480 Acres good farm land, 1 1-2 miles from station; 200 acres summerfallowed, 200 acres good wheat on summerfallow; good well 97 feet deep; barn with stabling for 14 head horses and 3 cows, and other buildings. 15 Head work horses, 3 milch cows, steer, 6 sets work harness, 2 sets driving harness, drill, cultivator, double disc, two sets harrows, 4-bottom disc plow, walking plow, binder, two buggies, pump engine, two wagons with grain tanks, iron truck with rack, tool, etc. Price \$56 per acre, \$12,000 cash; balance arranged.

WORLD HAPPENINGS  
BRIEFLY TOLD

A government decree is to be issued in Spain forbidding a minimum wage of 1.25 and maximum of 2.00 per day for unskilled and untrained work for unskilled and untrained work.

The House of Commons gave third reading to a private bill amending the Canada Evidence Act as respects bank books and records.

Most of the contents of Queen Alexandra's private rooms at Marlborough House have been destroyed by charitable institutions in accordance with the late Queen's wish.

Dr. W. W. Yen, premier of the Peking Government which was formed on May 15, 1926, has resigned. Admiral Tu Hsi-Wei, minister of the navy, has been appointed premier.

A tablet in the town hall at Saint Nazaire, France, commemorating the landing of the first Canadian troops in the war, was unveiled by Philippe Roy, Canadian consul-general in Paris.

To encourage the mechanical development of agriculture and further the use of German agricultural machinery, a trade combination of 1,000 factories has been perfected in Germany.

Major D. R. MacLaren, with one passenger and a full allotment of equipment, attacked an altitude of 10,000 feet in a Curtiss 15, 20 type of flying boat at Vancouver. This is believed to be a Canadian record for this type of craft.

Parsons of the Clough Valley of Ireland have registered complaint that installation of the first telephone in this district was interfering with their use of telegraph, which has been their only means of rapid communication for many years.

Joseph L. (Ben) Hurstall, 75, one of Boston's notable men, died on Wednesday in the 25th ward of Boston, after 27 years of residence at Park View, where he was buried at the same place.

A charge of fraud against Her Jolly, professional faster of Berlin, after police had satisfied themselves that cigarettes made of chocolate were handed to him nightly by an accomplice while he was engaged in one of his public fasts.

Negotiations on the question of a new wage agreement will open between the Railway Association of Canada and the Brotherhood of Railroad Trainmen and the Order of Railway Conductors on July 15. The men will seek a ten per cent. increase in wages.

**Channel Swim This Year Is Improbable**

Attempt Not Feasible Owing to Abnormal Weather Conditions

No swimmer—male or female—will be able to swim the English Channel this year, in the opinion of the French and English swimming experts and trainers.

Abnormal weather conditions, following a terrible winter on the ocean and an extremely tardy spring, will make it extremely perilous for a man to attempt the battle with the cold tides, and virtually impossible for a woman.

Before starting a recent trip across the channel, the writer asked a half-faced old veteran of the crew if he thought a woman ever would be able to conquer the cold water, the tides and the waves that are a part of the channel's daily routine.

The boat, tied up at the dock, was bobbing up and down as one of those trick flow devices at Conny Island, and waves were breaking over the prow.

With the exception of one or two veterans who had reached a "don't care" condition on the Irish from London, the passengers were all violently ill, and the trip had not yet started.

"Swim 'er!" the old salt answered. "It's a hard job for a man to ride 'er. Look at the way she's moving now. I'd call the bobbles if a girl of mine tried to swim 'er."

He said that only the greatest of luck ever had enabled a man to swim across, and that it needed more than luck to make it possible for a girl.

**Signs of Winter**

"How do you know when winter is near?" asked the teacher.

"Please," answered little Harry at the bottom of the class. "It begins to get late earlier."

We hear that a genius has invented a chair that can be adjusted to thousands of different positions. It is designed for the small boy to sit in when he goes to church.

Women are naturally foolish; they are more afraid of mice than they are of men.

W. N. U. 1645

## To Represent Canada

W. A. Wilson Will Be Agricultural Representative For Canada In Britain

W. A. Wilson, agricultural product representative for Canada in the United Kingdom, has been appointed Canadian member on the official board created to direct the marketing of agricultural produce in Great Britain. The membership of the board was made known coincident with the announcement that Lieut.-Col. L. C. Anney, secretary of state for the dominions, is to act as its chairman. Seven members will sit on the board as representatives of the British Isles with the dominions and colonies will have one member each.

Mr. Wilson has been connected with Canadian dairy production for many years. Attached to the dairy branch of the federal department of agriculture he organized co-operatives in the province of Saskatchewan when dairying in that province was in its infancy. He was for many years representative for Saskatchewan of the scheme for promotion of dairying under the Federal Government. He later helped organize the co-operative creameries in that province, and was for many years associated with the Saskatchewan Co-operative Creameries, Ltd.

Mr. Wilson was appointed three years ago to his present position.

## Opening Shop In Paris

Nations Belonging to League Plan to Exhibit Arts

The League of Nations is going to keep a shop in Paris. Twenty-six important nations, members of the League organization, have approved the scheme of International Institute of Intellectual Cooperation to take over the entire gallery of the historic Palais Royal in the centre of Paris and give each League member a shop window wherein to display photographs of its beauty spots, fine buildings, samples of its books and other material evidence of its culture and thought.

Thus will be established a permanent international culture exhibition which will further international intellectual cooperation, the aim of the Institute.

## Women Members of League

Canadian Is Member Of Child Welfare Committee

The League of Nations brings together clever women, and among them is a Canadian, Miss Charlotte Gordon. She is chairman of the child's welfare committee, and also a member of the Canadian Women's Press Club. Another prominent woman connected with the league is British, Dame Rachel Crowley. She concentrates on opium studies, protection of women, and child welfare.

## Noted Commissioner

The nomination of the Rt. Hon. E. D. Duff, judge of the Supreme Court of Canada, to be commissioner under the United Church of Canada Act, is announced in the Canada Gazette. Mr. Justice Duff has been selected as chairman of the commission provided for in the United Church of Canada Act to settle certain property disputes between the United Church and the continuing Presbyterian Church.

What a pity it is that people who worry over trifles have something worth while to worry them.

## IDEAL Fashions

Reflecting the New Mode in Fabric and Design

The beauty of printed silk is of great attraction in the new mode. Cut with round neck and fastening at the side from the shoulder, and developed in printed silk, displays a long panel and the belt of plain material. There are tucks at the shoulders, and double inverted plaits at the side seams flare out, emphasizing the silhouette of motion. The long plaits are gathered into little bunches at the waist. No. 1311 is for misses and small women, and is in sizes 16, 18 and 20 years or 14, 36 and 38 inches bust only. Size 18 wears 32 inches length. Price 20 cents.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

## Airship's World Flight

Proposal to Make a Non-Stop Flight Around the World in Dirigible

A vast airship is being partly constructed at the Zeppelin works at Friedrichshafen, with which it is proposed to make a non-stop flight round the world. She is designed to carry a minimum load of fuel. Signals from the airship base at Seville, Spain, she will head out across the Atlantic, ascending until she is in a westerly stream. When Central America is reached the airship will seek suitable currents for her crossing of the Pacific, after which it will be the aim to manoeuvre into an air-trend from the east, and to regain the starting point in Spain.

Running her engines at moderate speed, so as to economize fuel, and profiting wherever possible by favoring winds, it is calculated that the non-stop world flight will be accomplished in about 22 days. If the airship now being built is to be German-owned, it should be noted that ever since the peace German aircraft construction has been restricted by allied regulations, which seriously increase the difficulty of building an airship capable of such a flight. A conference is in progress in Paris for the abolition or modification of these restrictions.

## No Arctic Continent

Nothing But Watery Wastes and Ice Fields At North Pole

Open water, ice and snow in the neighborhood of the North Pole is the report of the crew of the Norge. A few days before Lieut.-Com. Byrd looked down upon the pole from his plane and saw nothing but ice and snow. In April, 1909, when Peary reached the top of the world, he found soft ice, snow and chopped through it to take soundings. The Norge saw no land near the pole as it approached and glimpsed nothing but ice and snow. The island now in the pole and the point Barrow.

"The Arctic continent," believed by many to exist, evidently is non-existent. Watery wastes, ice-fields, have dispelled the dream of aviation statesmen and have picked poets for the weather bureau of the nations on the top of the world. Ice fields eternal opening from time to time and giving glimpses of the pole sea seems definitely established. That much of the polar mystery has been dispelled, and with the vanishing of that mystery it is possible that the pole will lose much of the glamour which it has held for generations.—New York Evening Post.

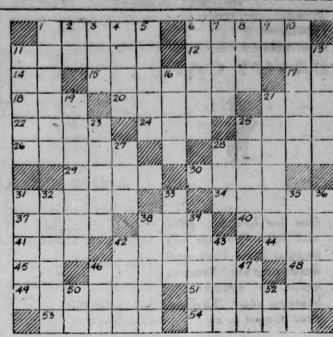

## A Boy Artist Of France

Youngest Exhibitor In Paris Salon

The youngest painter with a picture in this year's Paris Salon is Tony Riou, the thirteen-year-old son of M. Georges Riou, director of the Opera Comique in Paris. Tony is still attending high school and does his painting on Sunday and Tuesday, the days there is no school in France. He sent in two pictures and the National Society of Paris Arts accepted one, a still life, showing a bowl of fruit on a table.

New York has a unique new luncheon organization, the "Styx Club," which has nine men members, who have a weekly luncheon, to which just one woman guest is invited.

## OUR CROSSWORD PUZZLE

- Horizontal
- Hard-headed nations found in the
  - Way to death.
  - To move spirally.
  - Perceived the flavor
  - Impromptu
  - Impending odds
  - Toward
  - The border or margin of a thing
  - Points
  - Noting
  - To examine carefully
  - Worn
  - A weary, branched plant
  - Unsettling composition
  - Unsettled in which but
  - A country in Asia
  - Is a fruit
  - To glow or shine
- Vertical
- Thieves
  - Noisy
  - A conveyance
  - A portion of the verb to
  - A desecration
  - The atmosphere
  - Victual
  - The ocean
  - That thing
  - The stomper of a cannon
  - Ways
  - Straitened
  - Isolated rock
  - To combine
  - Containing news
  - To delay or linger
  - Fish
  - Containing grass
  - Chairs, benches
  - A desert animal
  - But, extreme power
  - Palm fruit
  - Is accomplished
  - A sweetheart
  - A long cart worn by
  - Is a fruit

## SUNDAY SCHOOL LESSON

JULY 4

EARLY LEADERS OF ISRAEL:

FROM MOSES TO SAMUEL

Golden Text: Jehovah will not cast off his people. Psalm 91:14.

Lesson: Exodus 13:1-17.

Devotional Reading: Psalm 91:10, 17.

Explanations and Comments

The Reason For the Oppression of the Israelites, verses 9:10.—"Not to know one's means in external language nor to acknowledge his authority or reverence." Several centuries have passed since the death of Joseph, and a new Pharaoh is on the throne in Egypt, who, although he may have heard about Joseph and his services, feels no obligation to spare his servants because of their services.

The new Pharaoh, who he believed to have been Ramesses II, said to his people, "Behold, the people of the children of Israel are more and mightier than we. Let us oppress them, that they may be a burden to us." This is a very exaggerated assertion. The national rendering is, "The people of the children of Israel are too many for us; let us oppress them, that they may be a burden to us." This is for our own good.

"It is by such exaggerations and alarms that all the worst crimes of states have been perpetrated on suffering peoples. And we, when we are tempted to be a burden to our neighbors by inflicting the prejudice and misbehaving the judgment of other people, are tempted to be a burden to our neighbors and slippery inclines (Dr. A. Chavril).

## Should Show Courtesy

American Tourists Fail to Display Canadian Flags On Cars

"The people of Canada desire to welcome motor tourists from the United States in the most cordial manner, but these visitors would greatly help to create a friendly atmosphere for themselves if they would show a sense of courtesy in displaying Canadian flags on their cars. They exact the most punctilious observance of this rule from visitors to their country, and they ought to be prompt to recognize the same amenity when they come to Canada. Courtesy is a mark of good breeding as well as of international good will."—Harranoff Exposition.

## Rhodes Lecturehip Announced

The foundation of a new Rhodes memorial lecturehip worth about \$250 annually, was announced at the Rhodes dinner by Sir Otto Hall, trustee of the Rhodes trust. The object of the foundation is to bring to Oxford, some man or woman of pre-eminent distinction from some other country, particularly the United States, so that special learning may be made available to the university.

## Safety First

He—"Would you say yes if I were to ask you to marry me?"

She—"Would you say yes if I would marry you? I said I would say yes if you asked me I would marry you!"

There are times when economy may be more foolish than extravagance.

## Answer to Last Week's Puzzle

## Tourists See Mountains

Good Motor Roads Responsible For Influx of Visitors

Tourist traffic into Canadian Rocky Mountain resorts has been very heavy for the beginning of the season. The perfect condition of the Calgary-Banff highway, which was completed as a permanent highway by the provincial government last year, has been responsible for practically doubling the early season traffic into Banff and Lake Louise.

The National Park is also very heavy. Summer in the Canadian Rockies has arrived three weeks earlier than anywhere in the Eastern United States and Canada, according to American visitors. It is the earliest Rocky Mountain summer in the recollection of the oldest white inhabitants of this district.

## New Turbine Engine Invented

Driven By Dynamics and Uses an Inexhaustible Fuel

A new principle turbine type engine which can propel a vehicle 500 miles at the cost of \$2 has been invented, claims F. J. Taylor, 21-year-old physics student of Toronto. Taylor says his invention is driven by dynamo and uses an inexhaustible fuel, the nature of which he refuses to divulge at present. It will develop a horsepower with only half the number of the ordinary motor's revolutions, he declares, and will also do away with the danger of carbon monoxide poisoning.

## A Tribute To Britain

Has Learned Principle of Just Dealing Says Rabbi

That was a fine tribute paid by Dr. Wise Rabbis, of the New York Free Synagogue, to Great Britain at the Kiwanis convention when he said: "There is not a nationality, a religion, a language, a race on earth representative of which are not to be found within the British Commonwealth. As a student of life and history, I say to you that Great Britain has learned the problem of dealing justly with all its people and faiths and races and nations as no other people have yet done to this time."—Kingston Standard.

Nearly 2,000 gallons have been destroyed in gas poisoning experiments carried out by the government at London since May, 1925.

Ex-Mayor Wm. Roberts, of Cardiff, Wales, who, accompanied by Mrs. Roberts, made a tour of Canada recently, as they appeared on the Quander Amara on the return journey to Liverpool.

## WESTERN CANADA GOOD FIELD FOR OVERSEAS TRADE

Montreal.—Canada, admittedly the most difficult land in the British empire, for the exporter in British goods because of stiff competition, is commanding increasing attention among manufacturers across the water, and more firm principles are being established in the Dominion preparatory to marketing British goods here. A. E. Fowl, new British trade commissioner for Western Canada, declared here.

Mr. Fowl, who for the past five years has been in charge of Canadian Affairs in the overseas department of the British Board of Trade, is en route to Vancouver, where he will establish headquarters. He follows E. B. Beale, who has been transferred to New Zealand.

"Western Canada, perhaps, offers a better field for the exporters in Britain."

"Out west we have a finer chance. The Panama Canal route, has given us a cheap haul to the Pacific coast and the British preferential tariff aids us. Results are most encouraging."

## Censorship Of

### Reading Matter

Women's Press Club To Offer Cooperation With Newspaper Association

Toronto.—Much of the crime among youth of Canada might be eliminated if "salacious literature" could be kept from circulation, Judge Emily Murphy, Edmonton, said before the triennial convention of the Canadian Women's Press Club. Judge Murphy was speaking in support of a resolution brought in by Mrs. May Anstey, of the club, asking for censorship of all Canadian reading material. It was decided to appoint a committee to offer cooperation with the Canadian Newspaper Association, which is acting in this matter.

Officers elected for the coming year were: President, Miss May Chisholm, London, Ont.; provincial vice-presidents, Miss, Manitoba, Mrs. Carolyn Cornell; British Columbia, Mrs. Isabel Reichenow Mackay; Alberta, Mrs. Edna Kelly, recording secretary, Miss Elizabeth Long, Winnipeg.

Miss Laura Allan, of the Wilson Publishing Company, Toronto, was elected to the newly-created post office "secretary-treasurer" position. Judge Emily Murphy was elected historian. Miss Kennetha Hargy, retiring president, was elected honorary president.

## Thinks Immigration

### Should Be Restricted

President of Canadian Trades Council Speaks At World Congress

Toronto.—Tom Moore, president of the Trades and Labor Congress of Canada, was one of the principal speakers at a session of the world labor federation congress.

He declared European and American labor in the past, had worked long hours and had then returned to their homes to spend their earnings. For this reason, the Canadian trade-unions were opposed to this kind of exploitation.

Mr. Moore urged restriction of the present unregulated influx of immigration.

Dr. Ewart, one of Australia's prominent labor men, declared a great deal of unemployment in Australia was due largely to unrestricted immigration. Australian labor, he said, was especially Italian, who received little wages, and retained ideals antipathetic to the best interests of labor.

## Resumed Air Mail Service

Man Aged Sixty-eight Substitutes For Regular Pilot

Chicago, Ill., Aug. 26.—A 68-year-old airplane pilot hopped off a day's work field resuming the Chicago and Twin Cities Air Mail Line, which had been disrupted for a day by failure of the regular pilot to report for duty.

The aged pilot was Charles Dickinson, contractor, who declared that the temperament of a few youthful pilots could not hold up the air mail to Minneapolis.

## Ship Recovers Anchor

Port Arthur, Ont.—The steamer, Glenoglen, on its last trip to Port Arthur, lost its anchor and was unable, in spite of different means, to recover it. Recently the steamer was caught into port and dropping its new anchor, found it hooked onto the old one, which was thereby recovered.

## Will Fight Miners' Leaders

Lord Birkenhead Charges A. J. Cook With Attempt to Blackmail Society

London.—Following closely upon a decision of the Labor party to offer opposition to the government's new bill which has been the subject of a reorganization of the mining industry, the Earl of Birkenhead, secretary for India, has delivered a verbal broadside against A. J. Cook, secretary of the miners' federation.

Cook was charged by Lord Birkenhead of aiming at the destruction of the coal mining industry and nationalization of the mines.

Lord Birkenhead said he and his colleagues were fully determined that they were driven to it by "this attempt to blackmail society by men who declare they have a strange hold on the vital chords of industry, we shall once again, sorrowfully but resolutely, give ourselves for a great battle, and we will not permit the nation to be destroyed."

"We, who have broken down every dyke in Europe," Lord Birkenhead said, "will not be broken down by men who take their biddings from the most dangerous revolutionary junta in the most poverty-stricken country in Europe."

## Union of Municipalities

Swift Current—Over 100 delegates are attending at the Union of Municipalities Association annual convention.

Twenty-one years ago the association was created and during the past year many congratulations were showered on the officers and the membership for the work it has done during the year.

Chief Justice Brown of the Court of King's Bench, the chief speaker at the opening session, sounded the keynote of the work of the association when he spoke of the responsibilities of thousands of men in the province charged with municipal effort, and urged the cooperation of the municipalities of the province on having a clearing house for opinions and discussions and ventured the opinion that the municipal organization and officers engaged in municipal work were part of the foundations upon which the province has been safely and wisely built.

## Elevators Practically Cleared

Saskatchewan in Good Shape to Regain Saskatchewan Crop

Regina.—Saskatchewan's elevators are now ready to receive in their thousands the fruits of the forthcoming 1926 crop.

Reports incoming at both the Canadian Pacific and Canadian National railways state that all grain are now being cleared out and the elevators ready to store the new crop.

Less than 25,000 bushels of grain are now held in elevators of the Regina division of both railways, many of the points holding less than 200 bushels. Less than 24 cars of grain are being loaded each day from the province going east.

Practically no loading is being done at any points despite the fact that the grain is cleared out and the elevators ready to store the new crop.

July 15, the date on which all 1925 wheat must be in the country elevators and settled for or billed out.

## Canada and the League

League of Nations Has New Cost Canada \$1,500,000

Ottawa.—After stressing the importance and achievements of the League of Nations, Sir George Foster in the senate declared it was the duty of the government to put in the hands of members of parliament each year details of the government's relations with the league.

He had informed the senate each year of the league work, but, said Sir George, the correspondence between the government and the league, inasmuch as it should be available to parliament.

Senator Cagran replied said that Canada had spent \$1,500,000 on the league of Nations, and while the league was seven years old, there were more men under arms today than before the Great War. It has not been conducive to peace, he said.

Missing Evangelist Found Douglas, Aug.—Positive identification of a woman known as Mrs. Almira Temple McPherson, Los Angeles evangelist, who was reported drowned there three days ago, has been made over the telephone by Mrs. Minnie Kennedy, the evangelist's mother, in conversation with William P. McCafferty, editor of the Dispatch.

Rural Credit Bill Douglas, Aug.—The government's rural credit bill passed the senate over the opposition of the opposition.

On banking and commerce, and now stands for third reading in the upper house.

## Compromise On New Flag

South African Government Likely to Accept Suggestion of Labor Party

Capetown, South Africa.—The controversy over the government's proposed new South African flag, the design of which would have excluded the Union Jack, has assumed a new aspect.

The national council of the Labor party, a few days ago, has announced that there should be equal official recognition of two flags, one a symbol of the empire and the other a symbol of South Africa nationality.

A deputation from the council has now interviewed Hon. Tielman Roos, minister of justice, and the executive of the Nationalist party at Pretoria. The latter have expressed complete satisfaction with the Labor party council's resolution, and moreover have pledged the full support of the Nationalist party to this resolution.

As it is by means of a pact between the Nationalist and Labor parties that the government of Premier Hertzog is in power, the government may accept this compromise.

## Locarno Peace Pact

London is Interested in the Canadian Viewpoint

London.—The debate on the Locarno peace pact in the Canadian House of Commons, in connection with Premier Mackenzie King's motion that parliament must pass on treaties before they are ratified by the cabinet, aroused much interest here.

The Express declared that a useful purpose would be served if all the parliaments of the empire, including the British House of Commons, followed the Canadian example in face of the obligations involved.

Chief Justice Brown of the Court of King's Bench, the chief speaker at the opening session, sounded the keynote of the work of the association when he spoke of the responsibilities of thousands of men in the province charged with municipal effort, and urged the cooperation of the municipalities of the province on having a clearing house for opinions and discussions and ventured the opinion that the municipal organization and officers engaged in municipal work were part of the foundations upon which the province has been safely and wisely built.

## LOYD GEORGE IS NOT LOOKING FOR LEADERSHIP

London.—Speaking on the "future of Liberalism" at a luncheon of the National Liberal Club, former Premier Lloyd George, Liberal parliamentarian leader, kept his audience in raptures of laughter by humorous sallies and allusions at his political opponents.

He declared his ambition was not for leadership, but for service, and added: "At the same time, I do not intend to refuse anybody's leadership, but I want to say quite frankly that I am not going to allow myself to be driven out of the Liberal party."

Attending to Winston Churchill's attitude in the general strike, marked the beginning of Lloyd George's down work course, the former premier remarked that so far as he was concerned, the downward course began when he stopped Mr. Churchill's "mad adventures in Russia," and said ironically, "since then I have touched the depths by mixing with archbishops and such like in suggesting that conciliation is a good thing to settle the general strike."

Winston Churchill retaliated later in the evening by rebuking Mr. Lloyd George's allegations of "mad adventures" relative to the allies' support of Kolchak and Denikin by stating that the support of such support was given by the Supreme War Council of 1919, of which Mr. Lloyd George himself, Woodrow Wilson and Mr. Clemenceau were the leaders, and he would not rob Mr. Lloyd George of any credit on this score.

Mr. Lloyd George's speech was a good thing to settle the general strike.

## Western Financing Methods

Financial Policies of Western Canada Are Showing the Way to Those of East

Vancouver.—Municipalities of Western Canada are showing the way to those of Eastern Canada in the handling of their finances," declared C. P. Bell, one of Canada's leading authorities on public financing, on the arrival in Vancouver as a member of the Investment Bankers' Association party, which recently held its annual meeting at Jasper Park.

The British Columbia in particular, he said, "the municipalities have been reducing their debts in a great amount, and the same is true in Saskatchewan. In Eastern Canada, especially Ontario, the reverse tendency is true."

"The provincial governments of the western provinces have also been showing a healthier tendency in the handling of their finances."

About 100 members of the association were operating several days in the city, and the eastern members return home. A few of their number, including President E. H. Daly, went north to Alberta from Prince Rupert.

"The provincial governments of the western provinces have also been showing a healthier tendency in the handling of their finances."

## SAYS WEST'S NOT COMPETING WITH THE EAST

Toronto.—If the bankers of the east and the farmers of the west would get together, the subject of the problems facing agricultural Canada would immediately vanish, in the opinion of J. H. McMillan, Saskatchewan's provincial premier. Mr. McMillan told the Liberal Association here that the west was not competing in the marketing of wheat with the east, but with the Northern United States, the Argentine and Siberia and for that reason the co-operation of the eastern provinces was much to be desired.

Dealing with transportation to the seaboard of western grain, he expressed the hope that some day there would be a direct shipping route from the head of the Great Lakes to Montreal. He looked for a largely increased population in the near future and said that for that reason Western Canada would need every trade route across the Atlantic Ocean.

## AN APPRECIATION

To my many friends and supporters I wish to express my heartiest thanks for the most loyal personal support given, and for their unstinted efforts throughout the campaign, which made possible such gratifying results. And I wish also to extend my appreciation of the overwhelming expression of continued confidence in the administration which has been endeavoring to serve the Province.

To the other candidates and to those who believed in them

and worked for them I wish to express my appreciation of the manner in which their campaign was conducted.

And I wish also to assure all the people of this constituency and all the various interests within the constituency of my sincere desire to work with them for the accomplishment of the very best for this district and for the Province, and to this end I offer my own best efforts and invite their co-operation.

**O. L. McPHERSON,**

### Card of Thanks

I wish to extend my heartiest thanks to the electors who so generously supported me in the election on Monday last.—P. M. Patterson.

## Local and General

Mr. and Mrs. Joe Hagerman left for Ontario during the week.

Mrs. Reynolds, of Stavelay, is visiting her daughter, Mrs. G. L. Dupes.

Mrs. Garrison, of Frank, is visiting her daughter, Mrs. R. Gardiner.

Monday's election produced one of the biggest crops in the "also ran" class on record.

Mr. and Mrs. F. Lloyd and family will make a motor trip to Banff and points in British Columbia.

Owing to publication day falling on July 1st The Chronicle is issued this week on Friday morning.

Mrs. Izatt, of Kimberley, B. C., and little son, are spending the week with the former's sister, Mrs. J. Giolo.

Henry Smith's friends will be pleased to hear that he is improving steadily in the Galt hospital, Lethbridge.

Everybody is planning their holidays for the near future and there will be quite an exodus from this vicinity.

Matt Sheldon, who recently had a paralytic stroke affecting his right side, is progressing as favorably as could be expected.

C. M. Granlin has been farming recently and some of the day's plowing he has done with his Fordson would surprise anyone.

The Parsonage, Champion, Alberta, June 21st, 1928.  
Editor, Champion Chronicle.

Dear Sir:  
Before leaving for my new charge, Barons and Noleford, I feel that I must express to you my deep appreciation of the splendid help given to me in my work, through the medium of your paper. You have given the church and its work all the publicity requested, and have been unfailing in your courtesy, kindness and practical sympathy with the work. For all this I am very grateful to you, and this must account to you my heartiest thanks. Enclosed you will please find \$1.50, being my subscription to The Chronicle for 1928 and 1927. With very best wishes, Yours sincerely  
**JOSEPH LEE.**

## Local and General

Born—On Tuesday, June 29th, to Mr. and Mrs. R. Gardiner, a son.

Lyman Jopling returned from Milo this week and will remain here for a time.

Mrs. W. C. Hoskins and baby daughter arrived home from Calgary on Wednesday.

Miss May Ulrich left this week for Macleod, where she intends opening a beauty parlour.

Mrs. J. M. Moffatt and family left for Vancouver on Friday, where they will spend the summer.

The King government resigned on Monday an Hon. Arthur Meighen is forming a ministry.

After a coat of gravel B. M. Robert's culvert is quite an acquisition as an easy approach to his store.

J. N. Beaubien returned home on Saturday night after a visit to his farm at Beisecker, north of Calgary.

Something exceptional on Dinwiddie. The New Fareok "Moine" pattern \$28.75 for a 97 piece set.—W. C. Hoskins.

The front of J. M. Moffatt's store is in the painter's hands and already shows a big improvement in appearance.

There have been a number of very warm days recently for the time of the year, exceeding any June temperatures for five years past.

Every necessity here for preserving time. Genuine Mason jars, rubber rings, tops, scales, racks and preserving kettles.—W. C. Hoskins.

Mrs. Linton, mother of Mrs. P. Patterson, arrived here this week from British Columbia and will reside in the residence lately vacated by E. Mason.

Quite a number from Champion and vicinity visited Vulcan to hear R. B. Bennett on Saturday and all were enthusiastic in praise of the oratorical ability of the speaker.

Mr. and Mrs. Frank Sisson entertained the teachers of Champion Consolidated School to a turkey dinner on Tuesday, which was highly appreciated by the guests.

E. Latif arrived home on Saturday night after spending some days in the Holy Cross hospital at Calgary. He was feeling much better for the treatment received.

According to the dominion year book, just issued, the total lumber output for Alberta during 1925 was valued at \$841,000. A total of 32,700,000 feet of lumber was cut.

Election day passed off very quietly in Champion, the vote reaching the poll without any great effort on the part of volunteer cars. The day was exceptionally fine for the purpose.

Rev. S. R. Hunt will be inducted into the united church ed at Champion, on Friday, July 2nd, at 8 p.m. Revs. J. N. Branton of Vulcan and P. Lette of Blackie, will take part in the service.

The Ford Garage has recently installed some very up to date machinery for rebuilding Ford engines, make this one of the best equipped garages on this line in this respect. See advt. elsewhere in this issue.

The two last meetings of the campaign here were held on Thursday and Saturday evenings, Jas. McNaughton addressing the Thursday fixture while O. L. McPherson presented his view of the situation on Saturday night. Both speakers made a very fair impression on their audiences they addressed. Mr. Patterson held no meeting at this point.

Place your order this week for Raspberries, Loganberries and Cherries. Place orders early. You will get better fruit and price.

## McCullough Bros.

## Fifth Fortnightly Crop Report

Since last report, great improvement has been brought about in the crop conditions in the southern districts by rains which in most of these districts were quite heavy, and were general over the entire south in varying degree. Though these rains came somewhat too late to bring about a complete recovery of the crop which had already suffered from high winds and lack of moisture, the large percentage of grain acreage in the south now gives promise of a good acreage crop. There is uneven germination over a considerable area due to the activities of the cut-worms, and to dry conditions, but the situation on the whole, in the southern districts, is much more promising than a fortnight ago, with the summerfall crops and late sown grain looking very well.

Throughout Central and Northern parts the crop outlook is very satisfactory. There has been sufficient moisture at all times and although the weather has been somewhat cool the crop is a splendid color and well advanced for this time of the year.

Speaking generally, the wheat crop is coming into the shot blade, with the early grain in southern districts heading out. The prospects are for an early harvest.

Prospects in the dairy industry are reported to be brighter than last year with promise of increased production.

Alfalfa cutting is in progress in the south, with a good crop being taken off.

### CHURCH BULLETIN

Sunday July 4th.

11 a.m.—Sunday School.  
3 p.m.—Service at Blusson School.  
7.30 p.m.—Public Worship.
